

2025 GRENACHE BLANC TELMAN VINEYARD, SONOMA VALLEY

ABOUT

Grenache Blanc has long been an important component of our Turbine White blend, and in special vintages, we are able to offer it as a single-vineyard expression. The 2025 vintage comes from neighboring Telman Vineyard in Sonoma Valley, showcasing a bright, mineral-driven character and the elegance of this Rhône variety. The steady, mild growing season, including an especially cool July, allowed for slow ripening and the retention of natural acidity. For the first time, we finished the aging process in a concrete egg, lending added texture and depth while preserving the wine's freshness.
